

TOWN OF ROSETOWN

NOTICE

The Town of Rosetown wishes to take this opportunity to provide additional education on the requirements when transporting waste to the Rosetown Transfer Station.

Did you know that all loads must be secure, covered and tied down while travelling to the Rosetown Transfer Station.

(1) No person who transports or causes to be transported any waste shall allow the waste or any portion of it to escape from the vehicle.

(2) No person shall transport or cause to be transported any waste unless proper measures, including at least one of the following, are taken to prevent the waste or any portion of it from escaping from the vehicle:

- (a) the waste is in a covered container;
- (b) the waste is covered with a tarpaulin or other suitable covering; or
- (c) the waste is securely tied down or fastened.

We are asking everyone for their assistance, when transporting any waste to the Rosetown Transfer Station, please ensure that all loads are properly secured, if loads are not properly secured access maybe denied.

Thank you.
