

Creative Kids helps children and youth, from families facing financial barriers, participate in creative activities of their choice. Whether it's support for art classes, dance or music lessons, language skills or another form of creative activity, we're here to help.

## Who is eligible:

- Saskatchewan children ages 4 to 19 years of age (children must be 4 years old before the application deadline)
- Families will need to demonstrate financial need.

## What is eligible:

- Support for artistic and cultural activities such as dance, art, music, theatre and language lessons. Go to [creativekidsask.ca](http://creativekidsask.ca) to see a full list of activities funded;
- Up to \$750 per child per year; Sometimes dance shoes and musical instruments are eligible, too; and
- Funding approved is paid directly to the service provider.

**I know because of my situation that it's impossible for me to cover the costs of these activities. Creative Kids has helped a lot for my children – especially for Didi, as I can see she has many talents.**

**I never thought there would be a time that I couldn't afford something for my son, and my self-esteem and pride were knocked down. Your assistance, with his theatre classes, has put a smile on my face again because I was able to put a smile on my son's face. This has helped more than you know.**

All I want is for my kids to be happy, confident and doing well. Being involved in music has helped my daughter, Didi with that.

I wouldn't be the person I am today if it hadn't been for the support of Creative Kids. Today, I am happy, successful and so proud of where dancing has taken me. I have received awards and achievements, completed goals, travelled all over the world, met incredible people and graduated college.
